

## **Group Presentation on Penal Code of Bhutan**

Read the chapters allocated to your group and make a PPT presentation. You are expected to delineate each clause by citing relevant examples of offences for clarity and unambiguity.

Discuss with your group members in the two-hour class today and make sure you are ready for the presentation for the tomorrow's class. Each group will be given 20 minutes to present. Divide the time among your group members and decide who will present on which subject and for how many minutes. Every member of the group is expected to participate without any reservation.
